

Goethean Resources – Some References

This brief entry contains references to writing by other Goethean scholars, researchers and practitioners – outside of the field of social intervention - which we have found inspirational.

Bortoft, Henri. *The Wholeness of Nature- Goethe's Way of Science*. Floris Books, 1996 (A masterpiece and a key)

Seamon, A and Zajonc, A (Editors) *Goethe's Way of Science – A Phenomenology of Nature*. State University of New York Press, 1998 (A range of remarkable explorations)

Colquhoun, M and Wald, A *New Eyes for Plants*. Hawthorn Press, 1996 (A book for the mind's fingers)

Steiner, R (Translated by Barnes, J and Spiegler, M) *Nature's Open Secret – Introductions to Goethe's Scientific Writings*. Anthroposophic Press, 2000 (Contains a brilliant essay by John Barnes entitled *Participatory Science as the Basis for a Healing Culture*)

Janus Head Journal, Volume 8.1 *Goethe's Delicate Empiricism* Trivium Publications, 2005 (A cornucopia of writing, starting with Holdrege, C in a penetrating exploration of Goethean methodology)

Barfield, O *Saving the Appearances – A Study in Idolatory* Harcourt, Brace and World, Inc (Seminal work on the evolution of consciousness)

Barfield, O *The Rediscovery of Meaning – and other essays*. The Barfield Press, 1977 (To open one's eyes upon a different world)

Talbot, S *In the Belly of the Beast* <http://natureinstitute.org/pub/persp/3/beast.pdf> (Four masterly essays on the relationship between consciousness, responsibility and technology)

Holdrege, C (and Talbot, S) Many important and – most significantly – *accessible* articles and papers. Easiest access is to browse through the websites associated with the Nature Institute for both Holdrege and Talbot – www.natureinstitute.org and www.netfuture.org
